

## YOUTH NATIONAL SCIENCE FAIR AND YOUTH INTERNATIONAL SCIENCE FAIR 2022

Youth National Science Fair (YNSF) and Youth International Science Fair (YISF) 2022 is one of the annual events organized by IYSA. This year is the fourth year YNSF was held and the second year for YISF. In 2021 YNSF and YISF are included in the IYSA Festival series of events which are a combination of several other events held together. Youth National Science Fair is a national level project science competition, which only participants from Indonesia can participated. Meanwhile for Youth International Science Fair is an international level project science competition where the participants comes from various countries including Indonesia.

This year YNSF received 42 participating teams which were divided into 40 online teams and 2 offline teams, while the number of teams for YISF participants is 490 teams which are divided into 459 participating teams online from 22 countries and 31 participating teams offline. Several countries participating in YISF competitions include Brazil, Turkey, Serbia, Mexico, Thailand, Malaysia, Hong Kong, Taiwan, South Korea, USA, United Arab Emirates, Romania, Azerbaijan, India, Philippines, Puerto Rico, Kazakhstan, Viet Nam, Macedonia, Sri Lanka, Russia, Indonesia.

Different from the previous year, this year's YISF and YNSF Event conducted Hybrid (Online and Offline Competition). YISF and YNSF offline events Was held in Dian Nuswantoro University Building E 3-floor Semarang. This event was lasts for 4 days, starting from March 14, for the Opening Ceremony, March 15 is a Live Judging session for online and offline participants, March 16, Inventors activity Talk and Webinars, and March 17 for the Awarding Ceremony or closing event.

Collaborate with one of the best universities in Indonesia, namely the Department of Food Science and Technology-IPB and Dian Nuswantoro University-Semarang and our supervision from Turkey, namely BUCA IMSEF, we hope that the YNSF and YISF activities this time can be one of the opprotunities for students both in Indonesia and abroad to present their creativity and innovation.

We hope to see you in IYSA next event!
